

1010 BLUEBEAM

1010 BlueBeam and RedBeam are powerful spotlights, with a wider beam pattern than the BluePoint and RedPoint. Along with the bright blue colour, the BlueBeam serves a practical purpose, ensuring operators of crop sprayers to have full visibility of the nozzle spray being spread across the fields with its powerful illumination.

SUGGESTED APPLICATIONS

The 1010 BlueBeam is mainly used on agricultural sprayers. However, it can be used across numerous other applications worldwide.
